CAREER OBJECTIVE:

Experienced and Self-Motivated Front-End Developer with a passion for creating web pages and websites using HTML, CSS, and JavaScript. Seeking a position to utilize my skills and enthusiasm to contribute to the mission of a company. I bring a positive attitude, willingness to learn, and motivation to become more efficient and progress towards becoming a Full-Stack Developer.

ACADAMIC QUALIFICATIONS:

S.NO	COURSE	STREAM	INSTITUTION	YEAR OF PASSING	PERSENTAGE/ CGPA
1.	B. Tech	Computer Science Engineering - (AI & ML)	Kalasalingam Academy of Research and Education, Madurai, Tamil Nadu.	2024	8.02 CGPA (Up to 4th semester)
2.	Intermediate	Mathematics, Physics and Chemistry (M.P.C)	Vignan's Co-Operative Junior College, Guntur, Andra Pradesh.	2021	89.7%
3.	SSC	Science and Mathematics	Geetham High School, Guntur, AndraPradesh.	2012	9.7 (GPA)

TECHNICAL SKILLS:

Proficient in HTML, CSS, and JavaScript
Strong understanding of front-end development principles
Experience with responsive web design and cross-browser compatibility
Knowledge of front-end frameworks (e.g., React, Angular)
Familiarity with version control systems (e.g., Git)
Excellent problem-solving and debugging skills

Java
MySQL
MS Word

CAPABILITIES:

- Great interest in learning new things quickly, thoroughly and ability to implement the understandings.
- Self-motivated and good skills to manage the stressful situations.
- Good Communication and Interpersonal skills.
- Optimistic and always look for productive results.

PROJECTS:

1. **Name:** GRADUATE ADMISSION PREDICTION USING MACHINE LEARNING.

OS: Windows

Team Size: 4

Domain: Computer Science Engineering (AI & ML)

Detailed description:
Description: This project aims to predict the chances of a student being admitted to a master's program. It provides valuable insights to help students determine their likelihood of acceptance in advance. The project utilizes multiple machine learning models, including multiple linear regression, k-nearest neighbor, random forest, and Multilayer Perceptron. Experimental results demonstrate that the Multilayer Perceptron model outperforms the other models.
The project takes input in the form of a student's GRE and IELTS scores. It verifies these scores against the cut-off marks of the desired university. If the student's scores surpass the university's cut-off marks, the machine learning model predicts the likelihood of admission to that specific university for the master's degree program. The project incorporates data cleaning processes and utilizes a Tkinter GUI for data storage.
Technologies/Tools Used: Python, Machine Learning, Multiple Linear Regression, K-Nearest Neighbor, Random Forest, Multilayer Perceptron, Tkinter GUI.

2. **Name:** Simple Calculator

Description: Developed a basic calculator using HTML, CSS, and JavaScript. This calculator provided basic arithmetic operations, allowing users to perform calculations with ease.
Technologies/Tools Used: HTML, CSS, JavaScript

Description: Developed a basic calculator using HTML, CSS, and JavaScript. This calculator provided basic arithmetic operations, allowing users to perform calculations with ease.
Technologies/Tools Used: HTML, CSS, JavaScript

3. **Name:** Currency Converter

Description: Created a currency converter application using HTML, CSS, and JavaScript. This project enabled users to convert currencies based on the latest exchange rates, facilitating quick and convenient currency conversion.
Technologies/Tools Used: HTML, CSS, JavaScript

EXTRA CURCULAR ACTIVITIES:

Participated in NSS Camp, Meenakshipuram, Virudhunagar (Dt), Tamil Nadu

- Description: Participated in the NSS Camp organized by my college in Meenakshipuram, Virudhunagar District, Tamil Nadu. The camp involved engaging in various community service activities, promoting social welfare, and contributing to the development of the local community.I got Winner Prize in Kabaddi on occasion of anniversary in Kalasalingam University.

CERTIFICATIONS:

Business English Certificate (BEC)

Level B1 - Score: 147/170

Description: Successfully completed the BEC exam, demonstrating proficiency in business English communication skills.

INTERNSHIP:

Celonis Process Mining Virtual Internship powered by AICTE

Description: Completed the virtual internship on Celonis Process Mining, gaining practical knowledge and skills in process mining techniques and data analysis.

HOBBIES:

- Playing Cricket, Kabaddi, Kho-Kho.
- Developing the paper crafts.
- Team activities, learning and sharing.

PERSONAL DETAILS:

Father's name : Mr T.AMARAIAH
Mother's name : Mrs T.SUNEETHA
Father Occupation : Farmer
Date of birth : 03/07/2003
Gender : Male

Nationality : Indian
Languages known : English, Telugu.
Address : D-NO:4-32, A.Muppalla(Po), Ipuru(Md), Guntur(Dt), Pin-522661.

DECLARATION:

I hereby declare that the information furnished above is true to the best of my knowledge.

(T. MANOHAR).
